4 Letter to Stella	\$20.00	Stella was advised by T&T that she would get no inheritance because she had told T&T that the Will was correct. However, T&T included Stella as a claimant in their litigation, because without Stella included their case would fail. This was done without Stella's consent. Their legal action was based on deception.

7 Letter to Gary in his capacity as executor of George Stiliano's estate	\$20.00	George had died in 2001 and, as advised by Greek law, none of my mother's dependants had any legal claim on her properties because none had been notarised. George was never mentioned by Gary or Anna. They were preoccupied with acquiring all the properties as soon as they could when my father died. The Executrix's husband had stolen George's paper titles with the intention of transferring title to himself. That was the arrangement he had with my father who was my mother's POA
8 Letter to Philip Stilianos	\$65.00	This letter implicates T&T, the Executors and the Public Trustee and the Probate Registrar in illicit underhanded activities. T&T stated all potential claimants in the letter that they wanted nothing further to do with the Greek estate, and that we to all obtain our own legal advice. They therefore did not apply Section 69 of Probate Act because this was a matter to be dealt with solely by Greek law.

30-Oct-06	1 Telephone attendance on the Registrar of Probates	\$27.00	Why did neither executor submit probate to Greece or attempt to protect the properties against squatter claims? The answer is that they had arranged for their associates in Greece to undertake a fraudulent tile transfer of a major property of mine into their associates name via a fraudulent secret lawsuit. This lawsuit was lodged, without anyone's knowledge, on 1 September 2006. In order for the lawsuit to succeed, they had to withhold probate and withhold all property administration indefinitely. Therefore every ensuing act of theirs in this account is motivated by their unswerving intent for the property fraud to succeed
