Subject: Erini Stiliano - Squatter Lawsuit Withdrawn

Dear Vanessa

As a result of my trip to Greece to assess the value of properties and, via a businessman friend, investigate the lawsuit and obtain the detailed content of the lawsuit at the Rhodes court, and my subsequent appointment of a Rhodes lawyer to deal with the 'squatter', the 'squatter' has withdrawn the squatter lawsuit on property 671.

The lawyer that the lessee had indicated he would appoint was in fact not appointed by him or anyone and the lawyer had no lawsuit details either. I have advised that lawyer that the lawsuit has been withdrawn.

Fortunately my independent lawyer had information from me and the lawyer's expertise and local knowledge delivered the desired result.

I had been told by the businessman friend and another lawyer in Rhodes that I could not defeat the lawsuit because of its volume of detailed events. Fortunately Stella and I had compiled a list of 'protection' events and supporting primary documents that contradicted the 'squatter' events.

Regards.
