Remarks

Mr Roder appears as counsel for the pltf. He has handed up minutes of order which provide for the Court's consent to the substitution of Public Trustee as administrator of the relevant estate and for the revocation of the grant of probate. He has informed me that all defts apart from the 1st deft agree to the substitution of PT. In addition, the 1st deft agrees to the substitution of a new administration and the revocation of the grant of probate. However, the 1st deft has express in his affidavit (FDN 19) the preference for the substitution of an administrator who speaks Greek and is familiar with Greek law. I am also advised in his affidavit the 1st deft has stated that he is ill and cannot, at least for the time being, attend this and future pre-trial hearings. In my opinion, it is appropriate to substitute PT as requested by the other parties and accordingly I proposed to make an order in terms of the minutes.
